

Hope for Haiti®

Call to all Medical Professionals

Sign Up Today to Participate on a Mobile Medical Mission with  Hope for Haiti for 2009!

 Hope for Haiti would like to invite all interested medical professionals to participate on a Mobile Medical Mission in Haiti during the 2009 calendar year.

The need for medical professionals and quality health care workers who can volunteer their time in Haiti has reached desperate proportions. Medical teams generally consist of 4-8 team members made up of nurses and doctors or other healthcare professionals (EMT, Paramedics, Pharmacists, Mid-wives, Physical Therapists etc...) who volunteer for 1-week periods. Medical teams participate in mobile field clinics as well as provide extra assistance to existing healthcare facilities in need of help.  Hope for Haiti medical teams see on average 200 men, women, and children per day. They provide consultations and quality medications to those who otherwise would have no access to healthcare.

If you are interested in being a team member on a Mobile Medical Mission in Haiti, please contact  Hope for Haiti to learn more and reserve your spot today!
